

November: **Motor Vehicle Safety**

This month's tips concern Motor Vehicle Safety. The Sandy Fire Department Safety Tips for the month are:

- **Always** wear your seatbelt when riding in a car. It could save your life! Make sure everyone else in the car is also wearing a seatbelt.
- The backseat is the safest place for children under 12, especially if the front passenger seat has an air bag.
- Children under 8 must be restrained in an appropriate child safety seat or booster seat, unless they are taller than 57 inches. Children over 8 can usually sit in a regular seat, but they must still wear a seatbelt.
- If you ride a bus you should:
 - *Stay back 10 feet from the curb while waiting for the bus.
 - *When the bus has completely stopped, enter single file.
 - *Always stay out of the danger zone, which is 10 feet.
 - *Stay in your seat at all times!
